DETAILED ACTION

1. This action is responsive to the applicant's amendment filed on 08/30/2007.
2. Claims 1-2, 4-11, 15-23, 26, 28-36, 38, 40-41 and 44 are being allowed.

Allowable Subject Matter

3. The following is an examiner's statement of reasons for allowance:

As applicant pointed out under Remark section, pages 12-19, Raverdy et al. (US 6,330,717 B1) taken either singly and/or in combination with other cited prior arts as previously noted, do not extend one or more classes of the software as indicated by the extensions, wherein the extending comprises processing classes of the software indicated as being statically extensible together with their corresponding extensions to generate the extended version of the software, wherein the processing comprises using an object description language pre-processor to generate a header file with a source code representation of an extended class comprising the classes of the software and their corresponding extensions; and compiling the header file to generate the extended version of the software, as recited in such manners in each of independent claims 1, 11, 23, 35, 41 and 44.

Prior arts of record do not teach and/or suggest these claimed limitations, thus, all remaining pending claims 1-2, 4-11, 15-23, 26, 28-36, 38, 40-41 and 44 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
